- Easy to Open Credit Account Facilities
- ISO9001, ISO13485, ISO4001 & ISO5001 Accredited

*Based on a minimum spend of £75.00, UK Mainland

Our new product page is easy to use and packed with amazing new features to help make your shopping experience better and easier.

Stock Availability Options

Want to know if a product is currently in stock? We now have an 'IN STOCK' message displayed under the product code to the right of the image for all in stock items. However, if a product is out of stock, don't worry; if you are a credit account customer you now have the option to 'BACKORDER' your items for shipment to you as soon as the stock arrives in our warehouse. Occasionally items will not be stored in our warehouse and instead sent directly from our supplier. In this case the message displayed will be 'BUY TO ORDER'.

Bulk Pricing

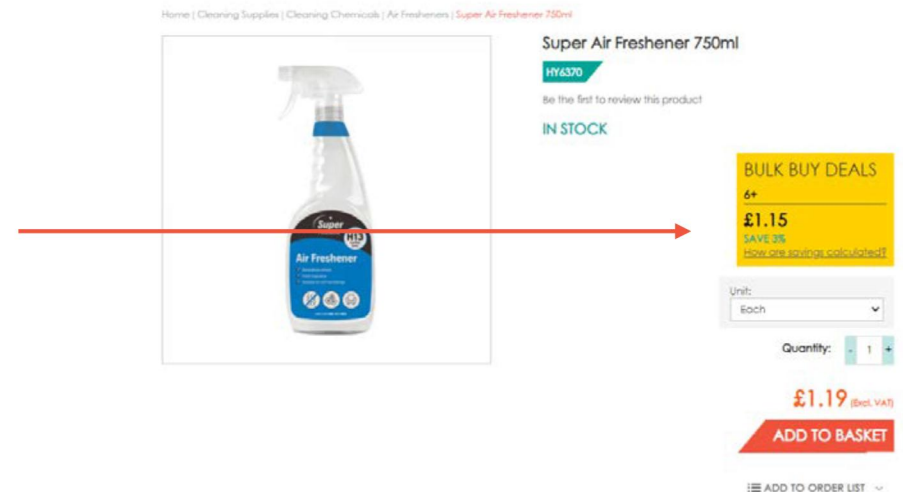

We now offer bulk pricing for a selection of our products. If Bulk pricing discount is available, details of the rate will be displayed in a yellow box above the 'ADD TO BASKET' button on the product page. The rates will automatically be calculated in your basket based on quantity of items ordered.

How Are Bulk Prices Calculated?

If you order in full case quantities you save! If you split cases, the cost per item does not include the bulk buy saving. For example:

- 1 box of gloves = £4.99 per box
- 1 case of gloves (10 boxes) = £4.79 per box.

If you order 15 boxes you will receive 10 boxes at £4.49 and 5 boxes at £4.99. Your Basket will display the average price you pay per box = £4.86.

At the bottom of the product page you will find a tab section where you will find Key Features, Product Details, Product FAQs, Product Reviews, and Product Downloads.

Key Features

Here you will find the top selling features of the products easily bullet pointed for your convenience.

Product Details

However, if you would like further, more in depth details you can find these written out in our Product Details tab.

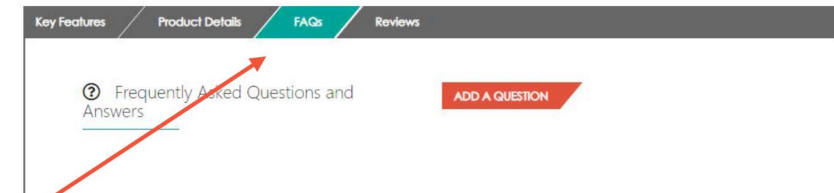

Product Downloads

The 'Downloads' tab is where you will find COSSH Data Sheets and product related downloads. Simply click the link and the attachment will either automatically download or open in a new tab for you to save based on your own individual computer preferences.

Product FAQs

Product FAQs are where you will find the answers to frequently asked questions about the product.

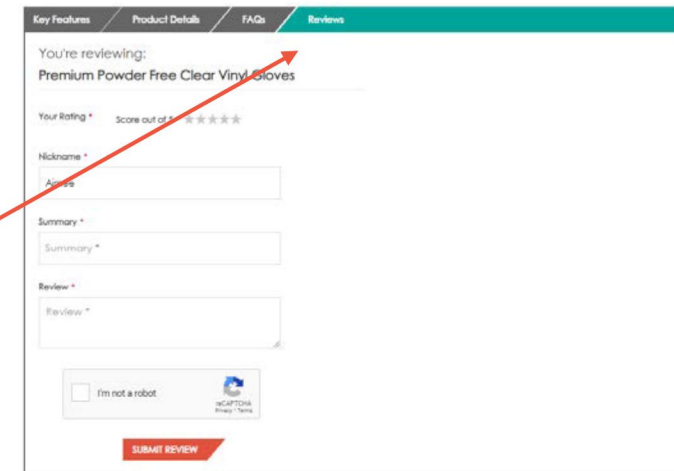

Have a question that hasn't been asked yet? Simply click the 'ADD A QUESTION' button, complete the form, submit the question and one of our helpful account management teams will answer it for you. Remember to tick the box asking to 'Receive email notification when the question is answered.' To make sure you are notified when your response is ready. We aim to respond to all question within 2 working days.

Product Reviews

This is where you will find reviews from customers like you. All reviews can be viewed under the 'Reviews' tab and the star rating of a product will be displayed at the top of the product page under the product code.

If you would like to leave a review for a product, please complete the form found at the bottom of the 'Reviews' tab section and click 'SUBMIT REVIEW'. The review will then go to the Brosch Direct team to review and if found to comply with our company guidelines will be visible on site within 2 working days.

You will notice many of our reviews have the same upload date. This is due to us mass transferring from our old website to our new one and them adopting the date they were added.
