

Product Main Number 1000025114

ABENA Slip Basic, XL2, Orange colour code

- ✓ Textile-like back sheet: comfortable and breathable
- ✓ Top-Dry Technology for dry surface, supporting healthy skin
- ✓ Efficient core technology for fast absorption
- ✓ Curved leg elastics for optimum fit.
- ✓ Leakage barriers for extra protection
- ✓ Wetness indicator
- ✓ Odour Control system

Product Description

Abena Slip Basic is our range of bladder protection briefs for moderate to heavy incontinency. The products feature the Top-Dry Technology, ensuring optimum comfort and supporting healthy skin integrity. The anatomically shaped briefs offer an optimal fit, with curved leg elastics for extra comfort. All products are fitted with leakage barriers and a built-in cross barrier at rear for extra protection. The Odour Control system minimises unpleasant smells. The combi tapes ensure an optimum fit and easy repositioning.

Hip size	110-170 CM
Tolerance	+/- 10%
Absorption Rothwell	3300 ml
Gender	Unisex
Certificates	CE. MD. UKCA.
CE Class (Medical Devices)	Class I
Product or test standards	ISO 11948-1, ISO 14001, ISO 9001
Shelf Life	5 years
Storage Instructions	Store dry, room temperature and no direct sunlight.
Product Disposal Instructions	Can be disposed of with normal household waste sorted according to local regulations.
Packaging Disposal Instructions	Can be recycled or incinerated.

Instructions for use/application

Bladder protection briefs for moderate to heavy incontinence. Product size recognition by colour codes, names and numbering system. It is important to always measure the hip circumference to select the right size and to choose the correct absorbency level to avoid leaks. Fold the brief lengthways

with the backsheet turned outwards to create a bowl shape. Pass the brief from front to back. Fan out the front of the brief, creating a channel shape between the legs. Fix the bottom tapes angled slightly upwards on both sides and then fix top tapes angled downwards for a secure and comfortable fit.

Regulation (EU) 2017/745 is a regulation of the European Union on the clinical investigation and sale of medical devices for human use. It repeals Directive 93/42/EEC, which concerns medical devices, and Directive 90/385/EEC, which concerns active implantable medical devices, on 26 May 2021.

The CE mark guarantees that a product is safe to use and complies with all safety precautions. CE stands for Conformité Européenne (European Conformity) and is mainly found on electronic equipment, safety equipment, construction products and medical equipment.

The UKCA mark guarantees that a product is safe to use and complies with all safety precautions in line with product standards and legislation of the UK.

Odor control is a critical factor in ensuring discretion for the user. ABENA's incontinence products are designed and engineered to ensure that minimal Odor arises from the product.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

Wetness indicator is a liquid-sensitive strip that changes colour or fades out indicating when it is time to change the product.

The product does not contain latex.

Unique Top-Dry Technology that provides a rapid absorption and ensures a dry surface even after multiple voids.
